

5.80.010 - Purpose—Authority—General provisions.

- A. The purpose of this chapter is to regulate, license and monitor activities of tree maintenance businesses, involved in tree trimming and/or removal and tree care activities, operating within the city for the health, safety and welfare of the community's urban forestry system.
- B. Authority is granted cities and towns by Wyo. Stat. Sections 15-1-103(a)(xiii) and (xli) to regulate and license certain business activities. General business licensing provisions outlined in Chapter 5.04 apply for license issuance and renewal procedures.
- C. Persons licensed pursuant to this chapter must also comply with applicable provisions of Chapter 12.16, Trees and Shrubs, of the city code.
